## MD Series Ute Tray Bodies

At MD Steel our focus is provide our customers with top quality product along with a reliable and enjoyable buying experience. The MD Series Ute Tray bodies are heavy duty, tough and durable tray which can be customised to suit individual needs. We believe our trays are far superior to any other similar product on the market. The head board is specially designed so that it is contoured, concealed, strong and secure. You can choose your own tray width, length, drop sides height and handles.

We offer a large range of optional extras to allow our customers to be able to suit their everyday requirements whether you be a specialist tradesman, farmer or just your average everyday bloke.

This brochure demonstrates our standard range of ute tray bodies which can be tailored to suit your individual needs. Please call us today to discuss your requirements.
